

PACS & SACS Project:

Verification

After the Geodetic Control Data is uploaded by Consultant, Verification workflow step is unlocked.

NGS can upload optional documents in this step by clicking on Add New Document and selecting a file.

Comments are required to Approve or Do Not Approve.

Note: When NGS not approves, consultant will be able to upload Geodetic Control Data for approval.

The screenshot displays the 'Airports-GIS' web application interface. The top navigation bar includes the logo, 'Airports-GIS' text, and links for 'Portal Home', 'Projects', and 'Airport View'. User information for 'Account (Demo NGS Verifier)' is visible in the top right. A left sidebar menu shows a tree view with 'Project Summary' expanded, containing 'Statement Of Work', 'Geodetic Control Plan', 'Geodetic Control Data', and 'Verification' (which is currently selected). The main content area is titled 'In-Progress IAD-213241 : Verification' and features a 'Project Options' dropdown. The workflow steps are: 'Pending Action: Verification', 'NGS Verification File Upload' (with an 'Add New Document' button), and 'Approve Verification'. The 'Approve Verification' section includes a 'Comment (Required)' field with the text 'Approving PACS & SACS Data' and two buttons: 'Approve' and 'Do Not Approve'.

Enter comments and Click on **Approve**. PACS & SACS project is complete. All the workflow steps have green checkmark.

This completes the workflow for PACS & SACS project.

The screenshot displays the 'Airports-GIS' web application interface. The top navigation bar includes the logo, 'Airports-GIS' text, and navigation links for 'Portal Home', 'Projects', and 'Airport View'. User information for 'Demo NGS Verifier' is visible in the top right. A left-hand sidebar lists project stages: 'Project Summary', 'Statement Of Work', 'Geodetic Control Plan', 'Geodetic Control Data', and 'Verification' (which is currently selected). The main content area shows the 'IAD-213241 : Verification' step as 'Completed'. Below this, a green-bordered box contains the text 'Approved by Demo NGS Verifier - Today 3:28 PM'. A subsequent section shows a green checkmark icon followed by 'Approved Verification (Demo NGS Verifier - Today 3:28 PM)' and a comment: 'Comment: Approving PACS & SACS Data'. A 'Project Options' dropdown menu is located in the top right of the main content area.
