

## Compliance Plan of objects

Except for objects you defined as “Not Valid” on the Verification tab, the table on the Compliance Plan tab reports every object penetrating the 20:1 surface and submitted under the Airport tab, any penetrating objects you edited or created under the Visualization tab, and any TERPS or other penetrating objects created by the FAA.

Mitigation Due date is system generated and is 30 days from the time notification letter is sent to Airports by FAA.

### Removing, lowering, lighting or specifying no action for objects

You must supply an explanation for each type of mitigation you plan to take for each object. You can apply the same mitigation explanation to groups of similar objects except for the option to Lower.

To lower any object, you must select one object at a time and enter new MSL of the object. New MSL entered should not penetrate and you must be prepared to upload a survey or certified letter defining the height of the object after you lower it.

### Lowering Objects

1. For any object you plan to lower, click Lower checkbox. The following popup is displayed.

2. Click Accept. Popup is closed.

3. Click on Add Comment. The following popup is displayed.

Please explain why this object will be Lowered:

Current MSL  New MSL

Vegetation management meets the standards of EB #91, Management of Vegetation in the Airport Environment.

[Submit Comment](#) [Cancel](#)

Enter New MSL that do not penetrate, enter why the object will be lowered, if it is TREE, then click the checkbox that meets the EB91 and click Submit Comment.

Please explain why this object will be Lowered:

Object will be lowered to reduce penetration

Current MSL  New MSL

Vegetation management meets the standards of EB #91, Management of Vegetation in the Airport Environment.

|-----------|------|---------------|---------------|----|------------------|--|--------------------------|--------------------------|--|-----------------------------------|---------------------------------|

4. Click Upload. The following popup is displayed.

The image shows a screenshot of a file upload popup form. The form is enclosed in a black border and has a light gray background. At the top, it displays "Category: COMPLIANCE\_ATTACHMENT". Below this, there is a "File:" label followed by a file selection interface consisting of a "Choose File" button and a text box containing "No file chosen". Underneath the file selection is a "Description:" label followed by a large, empty text input field. At the bottom of the form, there are two blue buttons: "Submit" and "Cancel".

To browse for and select a file, click on Choose File, navigate to the file location and select the file. Enter optional description and click Submit.

Note: Repeat this process for all objects you need to lower.

### **Removing, lighting, or specifying no action for objects**

You can select multiple objects of same type ex: TREE to mark them removed, lit or no action and write comments that apply for the multiple selected objects.

Note: You will not be able to select different object type, example TREE and TRAVERSE\_WAY at the same time and click Add Comments.

1. Click checkboxes for Remove, lit or No action for one object or multiple same object types and click Add Comment.

2. The following pop up is displayed if objects are marked as removed, lit and no action.

**Please explain why this object will be Removed:**

● Vegetation management meets the standards of EB #91, Management of Vegetation in the Airport Environment.

---

**Please explain why this object will be Lit:**

● Object lit according to the standards of AC 70/7460-1, Obstruction Marking and Lighting.

---

**Please explain why object will not be Removed, Lowered or Lit:**

**Note: If 'No Action' is selected, the result may be:**

- Night operations will not be authorized
- Visual Descent Point (VDP) will not be published
- Visibility will be no lower than 5000 RVR or 1 Statute Mile

Submit Comment
Cancel

- Enter explanation for each of the actions and check the checkboxes for EB-91 vegetation management and click Submit Comment.

Popup will be closed and selected objects are marked accordingly.

Do you desire to retain/establish right-of-way?  Yes  No

Do you require one of the VGSI to mitigate the hazard associated with the existing obstruction?  Yes  No

Please provide the runway(s) that you are requesting VGSI mitigation.

Who owns the VGSI equipment? (e.g. Airport, FAA, etc.)   FAA  State  Other

Date VGSI equipment was commissioned?

End FAA Flight Inspection commission the VGSI?  Yes  No

What is the commissioned VGSI Obstacle Path Angle (OPA)?  Please input decimal in 2 digits. Ex: 3.20

What is the commissioned VGSI Obstacle Crossing Height (TCH)?  Please put number between 0-50

Does the VGSI equipment currently meet obstruction clearance standards?  Yes  No

The VGSI equipment meets the obstruction clearance standards specified in the current version of FAA Order 6800.2, Visual Guidance Lighting Systems and Advisory Circular 150/540-30, Design and Installation Details for Airport Visual Aids (VGSI) Type I.

Please explain why VGSI equipment do not meet obstruction clearance standards.

Describe your airport's maintenance plan to ensure the VGSI siting angle is accurate.

Describe your airport's maintenance plan to ensure the VGSI obstacle free approach plan is clear.

Describe your airport's maintenance plan to ensure the VGSI obstacle free approach plan is adequate.

Provide any additional information that will assist the FAA in making their approval determination.

Full Name:       Position:       Date of Request:

- Complete the form.
- Click Save to just save the changes.
- Click Submit to submit the form and following popup is displayed.
- Click Yes and VGSI form is submitted.

Do you want to submit VGSI Form?

5. Enter all the details for mitigation and click Save to save the changes.
6. Click on Submit Mitigation form and the form is displayed. Click on Submit to submit the mitigation form.

7. Click Yes and mitigation form is submitted to your designated FAA Airports Division Official and Flight Procedure team. Under compliance plan, it is shown as Completed.

## Setting a Completion Date for a Mitigation

After you finish mitigation actions (to remove, lower, light, take no action, or perform an alternative mitigation) for an object, you can perform the following to set the mitigation completion date.

| Object Identifier               | Object Type        | Latitude         | Longitude        | Runway End | Mitigation Due Date | Remove Add Comment                                  | Lower Add Comment  | Light Add Comment        | No Action Add Comment    | Other                                    | Mitigation Complete Date          | Completed                           |
|---------------------------------|--------------------|------------------|------------------|------------|---------------------|---|--|--------------------------|--------------------------|--|-----------------------------------|-------------------------------------|
| 55-<br>AIRPORTS/SGIS-<br>636776 | AERIAL<br>CABLEWAY | N 45 18<br>30.33 | W 91 38<br>52.45 | 07         | Fri, 28 Sep 2018    | <input type="checkbox"/>                            | <input type="checkbox"/>   | <input type="checkbox"/> | <input type="checkbox"/> | Submit<br>Mitigation Form<br>(Completed) | <input type="text" value="Save"/> | <input checked="" type="checkbox"/> |
| 55-081278                       | TREE               | N 45 18<br>32.70 | W 91 37<br>59.71 | 25         | Fri, 28 Sep 2018    | <input type="checkbox"/>                            | <input checked="" type="checkbox"/> Upload<br>(Document<br>Uploaded)<br>Show Comment | <input type="checkbox"/> | <input type="checkbox"/> | Submit<br>Mitigation Form                | <input type="text" value="Save"/> | <input checked="" type="checkbox"/> |
| 55-054195                       | TREE               | N 45 18<br>34.32 | W 91 38 0.27     | 25         | Fri, 28 Sep 2018    | <input checked="" type="checkbox"/> Show<br>Comment | <input type="checkbox"/>   | <input type="checkbox"/> | <input type="checkbox"/> | Submit<br>Mitigation Form                | <input type="text" value="Save"/> | <input checked="" type="checkbox"/> |

1. To set the mitigation completion date, click Compliance plan.
2. Click in the field Mitigation Complete Date and calendar will be displayed.
3. Select the date and click Save. There will be a popup.

Do you want to change the Mitigation Complete Date to Tue, 14 Aug 2018?

Yes Cancel

- Click Yes. It will have green checkmark and data cannot be changed for that object.
